

# Get your test results on COVIDConnect Quick & Easy

Start here

Going for a COVID-19 test?

2 Isolate until you know your status.

1 Give a **valid** cell number, date of birth and Address  
Write these on your form when you arrive for testing. This is important!

3 Receive an **SMS** when your test result is ready  
Look out for an SMS after testing.

4 Follow the link to **get your results** on WhatsApp  
Reply YES to T&Cs and confirm your date of birth. Now you can view your results. You can also send "RESULTS" to 082 046 8553 on WhatsApp.

**Tested positive?**  
Don't worry! COVIDConnect keeps you and others safe. Just 2 more steps!

**Please continue to:**  
- monitor your symptoms

**Tested negative?**  
You're all done for now on COVIDConnect.

**Please continue to:**  
- wear a mask  
- maintain social distancing  
- wash your hands regularly

5 Add cell numbers for your **contacts** on WhatsApp  
Send phone numbers of people you saw in the last 7 days. They will receive an SMS telling them to screen for COVID-19 (your name and number won't be shared).

6 Keep others safe. Continue to stay home for at least 10 days  
Stay away from others and monitor your symptoms. Seek care if needed.

You're done!

Scan now to self-screen.  
Thank you for joining the 7 million South Africans already using COVIDConnect to stay safe!
